- Artificial-Leather Solutions

**Our drive.
Your future.**

Whether in mattresses, furniture, household appliances, or clothing - the TWE Group's nonwovens bring comfort, functionality, and sustainability into perfect harmony. They insulate, cushion, stabilize, or regulate - individually adaptable thanks to variable layer structures, weights, and technologies. Our solutions meet the highest standards of quality, processability, and environmental friendliness - for products that make everyday life noticeably more pleasant.
